

Activity: Developing Evaluation Questions for Professional Development Program Strategies

Instructions:

In your group, develop at least two evaluation questions for your group's professional development program strategy. Write your answers on your assigned chart paper. Be prepared to share your answers with the larger group.

Example

Program Strategy: Provide PD to schools, districts, and other local agencies on targeting programs for youth at disproportionate risk for chronic diseases.

Evaluation question 1: How many individuals, schools, and school districts did we reach with PD on youth at disproportionate risk for chronic disease?

Evaluation question 2: Did PD increase participants' abilities to implement programs for youth at disproportionate risk for chronic disease?

Group 1

Program Strategy: Train educators on evidence-based HIV, STI, and teen pregnancy prevention curricula.

Evaluation question 1:

Evaluation question 2:

Group 2

Program Strategy: Conduct an annual sexual health conference with internal and external partners.

Evaluation question 1:

Evaluation question 2:

Group 3

Program Strategy: Give technical assistance to health and physical education teachers on how to align district standards with national health education standards.

Evaluation question 1:

Evaluation question 2:

Group 4

Program Strategy: Provide information sessions on HIV policy to school counselors and school nurses.

Evaluation question 1:

Evaluation question 2:

Group 5

Program Strategy: Conduct PD events to educate parents on best practices in physical activity, nutrition, and tobacco.

Evaluation question 1:

Evaluation question 2:
